PERSONAL SUMMARY

Dedicated Full-Stack Developer with a strong academic background in Computer Science, specializing in building responsive and dynamic web applications using React.js, Node.js and modern front-end technologies. Proficient in Data Structures and Algorithms, with practical experience through internships and projects. Seeking a challenging role to leverage my skills for impactful contributions in a dynamic software development team.

EDUCATION

SV College of Engineering, Tirupati <ul style="list-style-type: none">B.Tech (Computer Science & Engineering) CGPA: 9.4	2020 - 2024
Sri Chaitanya Educational Institute, Tirupati <ul style="list-style-type: none">Intermediate (Class XI & XII) CGPA: 9.8	2018 - 2020
Sri Chaitanya Children's Academy, Tirupati <ul style="list-style-type: none">SSC CGPA: 10.0	2017 - 2018

SKILLS

Programming Languages: C, Java, JavaScript, Python

Front-End Technologies: React Js, React-Native, HTML, CSS, Bootstrap, Tailwind CSS

Back-End Technologies: Node.js, Express.js

Database: MongoDB, Firebase, MySQL

Tools: Git, GitHub

PROJECTS

- Brain Tumor Detection Web App:**
Engineered and enhanced a Flask-based web application, achieving 90% accuracy in real-time brain tumor detection from MRI images using TensorFlow/Keras for image classification and using Flask-SQLAlchemy with SQLite for data management.
- Homemade Haven:**
Designed and implemented a user-friendly web platform using React.js and Tailwind CSS to connect chefs with customers, incorporating Firebase for data storage and Stripe for payment processing.
- Edumindz:**
Developed and launched a responsive React-based web app facilitating course purchases and video lecture access, featuring JWT-based authentication, and leveraging Node.js, Express.js, MongoDB, and Cloudinary for backend services.
- Blog-Master:**
Designed and developed a dynamic blog application using React.js, Tailwind CSS, and Redux with Appwrite for backend services, handling user authentication, post management, and media storage.

INTERNSHIPS & CERTIFICATIONS

- Edunet Foundation (09/2022 - 11/2022):** Developed and enhanced web applications leveraging cutting-edge front-end technologies, troubleshoot technical issues, collaborated with the team, and maintained robust version control through Git and Github.
- Certified for **AWS Cloud Practitioner Essentials** and **AWS Academy Cloud Foundations**.
- Certified for completion of 'The Complete 2022 Web Development Bootcamp on Udemy.
